

GLOBAL MARKETPLACE

KNOWLEDGE, EXPERIENCE, & RELATIONSHIPS

Your retired IT equipment could earn top dollar from a buyer down the street or on the other side of the world. Our relationships with US and international dealers in several equipment categories allow us to match your assets with the right market to maximize their worth. We also make use of popular on-line retail channels, as well as our own site, Cascade Marketplace,

REAP THE REWARDS OF RESALE

UNLOCK PROFITS FROM RETIRED IT EQUIPMENT

Many companies consider information technology hardware an expense rather than an investment. But did you know you can generate profits from the sale of used computers, servers, and mobile devices? That's where an IT asset disposition (ITAD) partner that specializes in value recovery can help you maximize returns.

Cascade offers strategies that boost equipment resale values:

- ▶ Consult on best practices for retired asset handling and storage
- ▶ Provide fast service (*the average device drops 2-3% in value each month*)
- ▶ Protect your equipment's condition during pick-up and transport
- ▶ Unlock or deactivate security tools such as Computrace, Activation Lock, BIOS Password, etc.
- ▶ Repair broken devices to help unlock value
- ▶ Enhance units with new operating systems (*we're a Microsoft Authorized Refurbisher*)
- ▶ Sell to domestic and international markets as well as retail channels
- ▶ Manage equipment sales to employees
- ▶ Coordinate nonprofit donations
- ▶ Provide visibility into the final sale price for *each asset* minus any deductions for equipment enhancements and service fees
- ▶ Our revenue share program ensures a mutual incentive to maximize resale values

EMPLOYEE EQUIPMENT SALES

**AN EFFORTLESS PERK FOR YOUR EMPLOYEES
& THE EARTH**

Microsoft
AUTHORIZED
Refurbisher

Join our Resale Program and give your employees discounted access to our on-line store **Cascade Marketplace**. The site offers a variety of refurbished computers, LCD monitors, cell phones, and tablets sourced from businesses that value newer model, high-quality equipment. By purchasing from Cascade Marketplace, employees can feel good about paying a low price on high quality equipment while making a positive impact on the environment. By participating in our Resale Program, your company benefits from our easy-to-use services focused on security, sustainability, and maximizing the returns on your IT investment.

IT Department Benefits

- ▶ Eliminate the hassle of coordinating used IT equipment sales at your company
- ▶ Avoid the assumption that retired equipment is still supported by your IT team
- ▶ Rest assured your company's data is wiped from devices by our certified team
- ▶ Offer access to unlocked, refurbished, and tested devices updated by a Microsoft Authorized Refurbisher

Employee Benefits

- ▶ A regularly refreshed selection of easy-to-shop, high quality, reasonably priced electronics
- ▶ 45-day warranty on all items
- ▶ Free standard shipping on most items or pick-up from our processing facilities
- ▶ Five-star customer service with a 99.9%+ positive feedback rating
- ▶ Convenient payment options: Paypal and Venmo
- ▶ **10% employee discount on every Marketplace purchase**
